RE: Windy City Cellular, LLC Election of Support in Alaska Plan

Dear Mrs. Dortch:

Windy City Cellular, LLC (ADKG, SAC 619012) hereby confirms that it elects to receive Alaska Plan support based on the state of Alaska as specified in the final model results released on August 23, 2016. In return, the Company commits to satisfy the specific service obligations associated with that amount of model support over the 10-year term.

Specifically, for an annual support amount of \$132,900, Windy City Cellular commits to the following mobile broadband deployment obligations over the 10-year period: (1) speeds of at least 4G LTE 118 locations in support-eligible census blocks; and (2) the provision of service upon reasonable request to the remaining 355 locations in census blocks receiving support.

Windy City Cellular election of support applies only to the support amount and mobile broadband obligations released on August 23 and stated above. It is Windy City Cellular understanding that if any aspect of this offer were to change, a revised offer would be made and the Company would have 30 days to determine whether it wishes to accept the revised offer.

Please feel free to contact me at 907-222-0844 or lmayes@adaktu.net if you have any questions or require additional information.

Sincerely,

Andilea Weaver
Vice President
